

Emergency

Preparedness

EP at CLIFF DRIVE ...

- * **EP bin** on the school grounds
- * **Grab 'n Go Buckets** of emergency supplies in each classroom
- * **Emergency supply pods** on each floor
- * **Cliff Drive needs your continued support in fundraising for EP purchases!**

EP at HOME ...

- 1) Know the risks** - in South Delta they are earthquakes, floods and tsunamis
- 2) Have a plan** - The best way to help ensure your family's safety in these situations is to have an emergency plan for what to do both at home and in the community
- 3) Get a kit** - Make sure you have enough supplies to last each member of your family for three days.

MORE INFORMATION on all aspects of emergency preparedness including how to purchase emergency kits ...
