Math Celebration

This month Grade 4-7 students will come together for the annual Math Celebration. The celebration is an opportunity for our students to fuel their passion for math. Students work to solve a number of problems; however, each team receives the same problem at the same time from a volunteer math adjudicator, who also observes the work.

Math Celebration would not happen without key people. A big thank-you goes to Mr. Connaughton for his organization, leadership and volunteering his time to prepare our students for the event.

Reading Link Challenge

Reading Link Challenge is a yearly event that encourages reading as a fun and recreational activity for Grade 4 and 5 students of all reading abilities to engage in the sport of reading. Interested students form teams of 6 players. Each of the teams is responsible for knowing the contents of six books and every team player is responsible for reading at least one of these books. We are proud of all our participants in the School Reading Link Challenge. The winning team from Cliff Drive will represent our school at the District Reading Link Challenge on April 12th. We are grateful to our teacher leaders Mrs. Merry, Mrs. Uppal and Mrs. Albrecht for volunteering their time and expertise to lead this event for our students.

Track & Field

Running Club is underway for all track and field participants! Our Grade 7 students lead the warm-up and cool down exercises for our morning sessions.

The Regional Meet is scheduled for Wednesday, May 8th at SDSS.

Ready Set Learn

All 3, 4 and 5 year old children are invited to our Ready Set Learn event on Thursday, April 11th from 9:30 – 10:30 a.m.

Families who attend our event take part in play-based activities while finding out about early learning programs and services.

Welcome Cliff Drive Families!
