Dear Families,

Thank you for responding to our Return to School survey. We look forward to welcoming some of you back to school next week. Our school and procedures will look different as we work to ensure safety and social distancing protocols are in place. More information will come your way very soon.

All Kindergarten to Grade 5 students who told us they were coming to school will return to their classroom next week on **Monday and Tuesday only**.

All Grade 6 and 7 students who told us they were coming to school will return **EITHER Monday OR Tuesday**. The classroom teachers will be in touch with families to let you know which day your child will attend. There will not be an opportunity to change these days as we must stay within strict density requirements.

All children of Essential Service Workers will come to school **Monday through Friday**. They will spend Monday and Tuesday in their classrooms. Wednesday will be a in school care day. On Thursday and Friday, students will be supported in their online programming by a teacher and other educational aids.

Further information on what to expect as your children return to school will be coming soon. As teachers will be teaching face to face in the classroom, all families can expect a reduction in the amount of online and at home learning that will be offered.

We miss you all and look forward to a day we can ALL be together again. In the meantime, as Dr. Bonnie Henry says “Be Calm, Be Kind, Be Safe.”
